### **Information about Losail Circuit:**

Losail International Circuit (Qatar) is 20 km from the city centre. It was opened in 2004 with the Grand Prix of Qatar, when Sete Gibernau won the race. In 2007 it becomes the first track of the Gran Prix Championship and since 2008 the drivers have always been racing in night-time, thanks to an incredible lighting system (it uses the same quantity of electricity as a village of 3.000 houses).

This circuit is 5.380 metres long and it has 16 turns with short straight stretch. The home stretch that is 1 km long and at the end of it there is a one of the most difficult stretch of the circuit: in fact, the drivers decrease the speed from 359 km/h to 108 km/h (a gap of 250 km/h).

Losail International Circuit is famous also for the SBK Championship.
